3 calculators every CA website needs

They bring clients while you sleep.

Swipe →

1. Old vs new tax regime

The #1 question from January to March.

Inputs: salary, 80C, HRA, home loan

Output: which regime saves more + "Talk to a CA"

2. Advance tax / late fee

People panic near due dates and search.

Inputs: income, tax paid, date

Output: amount due + interest + "File with us"

3. Do I need GST registration?

Every new business owner asks this.

Inputs: turnover, state, goods or services

Output: yes / no + your fee + WhatsApp

How it brings clients

- → Ranks for questions clients already Google
- → Answers fast, builds trust
- → Ends with your WhatsApp button
- → Lead lands on your phone in seconds
